Every day can be Veterans Day

..in our words and deeds

American Legion Post 911 - Everyday is Veterans Day...not just the Veterans Day weekend mattress sales. Thousands of San Franciscans and Bay Area residents poured into the city to celebrate our World Champion San Fransisco Giants parading through our city streets - we applaud them! We would love to have seen the same if not greater support for the embarrassingly low turn out for the Veterans Day parade. The volunteers in the parade were fantastic, but saw about a hundred people - at best - line the streets to support these "other heroes." We urge and challenge the City of San Francisco and fellow citizens

to reverse the dismal and declining resourcing and turn out during our Veterans Day parade. Please contact us with your ideas on how to turn around what has become a day where more people were buying mattresses than attending Veterans functions in our beautiful city. We will pass on your collective ideas and strategies to the Mayor's Office to make Veterans Day 2011 as grand as the welcome home our fabulous Giants received.

Commander's message

On October 21st, Legion Post 911 was invited to speak at the Niles Fremont Rotary. The topic was "The War We are Loosing at Home and what does the American Legion stand for in today's new climate of contentious debate about where the Legion should stand for as we approach our 100 year anniversary." We primarily discussed the struggles that Veterans face when leaving the military. I would like to thank the Niles Rotary for their thoughtful questions and support shown to Legion Post 911.

Unit President's Message

As the present Auxiliary President it is my pleasure and honor to again share our works of Legion [Family] Post 911. Former Army Special Operations NCO, Matthew Shea has recently under gone a corrective surgery for injuries sustained in Afghanistan and has been rehabilitating the past month. We all want to thank you for all of your kind messages and prayers for his quick and complete recovery.
